Travel Tips for Japan

November 2014

## Japan

Japan, a constitutional monarchy, is a group of islands in East Asia. Populated by ancient temples and ruins that show a glimpse into the past of the ancient culture Japan once had. In the heart of the country, Tokyo, the change of ancient to modern is apparent. A city that doesn't sleep, Tokyo is a technological giant, yet still have the culture of Japan flowing through it. Japan is a country full of sites to see, from cultural, to natural, to even technological.
